Higher Qualifications

Qualification	Subject
BSC	Computer science and Engineering
First Year	Linear Algebra, Calculus, web development, computer systems fundamentals
Second Year	Database systems, Client-server architecture, Cryptography, Machine learning, Object orientated development.
Third Year	Cyber Security, Applied AI, Final year project, computer games and security, Games AI

Technical skills

- Programming Languages - Java, C#, PYTHON, SQL
- Web development: HTML, CSS, JavaScript, DJANGO FRAMEWORK,
- Operating Systems: Windows, Linux
- Tools: Git, Visual Studio, Eclipse, JupyterNotebook

Key Skills: [explain them 1 sentence…]

- Communication
- Adaptability,
- Troubleshooting,
- Data analysis,
- Active listening

Career Statement

As a computer science undergraduate, I am highly skilled in programming languages such as Python, Java, and C++, and have a strong understanding of algorithms, data structures, and computer systems. I am passionate about using technology to solve complex problems and I am eager to apply my skills in a professional setting to design and develop innovative software solutions.

Work Experience

- Game Jam –
- Hackathon -

Projects

- Online Auction: An E-Auction platform that provides users the means to auction, purchase, browse, participate in real-time auction sessions. Developed using HTML, CSS, JavaScript, Django framework, MySQL, Encryption tools.
- Language Software: A software application that provides users the ability to translate.
- Formula-1-Racing management Software: A software application that manages formula 1 race, records the races in real-time. Developed using Java, Eclipse.
- Hotel management Software: A software application that facilitates the managing of hotel system. Developed using Java, Eclipse.
- Online store: An E-commerce website that provide users the ability, to browse, add-to-cart, and make purchases. Developed using HTML, CSS, JavaScript, Firebase.

Certifications

- Microsoft-Azure-Fundamentals

Hobbies and Interests

- Creating indie games
- Playing Football
- Participating in E-sports tournaments
